Best Net - Even Holes

Ever heard of the PBF? That Post Birdie tee shot is always the hardest and invariably in the trees. Why is it that our best holes seem to be followed by our worst luck? Well today you don't have to worry about that next hole - we're only scoring the even ones.

We're tracking your strokes on #2, #4, #6...Get your rhythm right and you could be our winner. Birdie - Triple - Birdie - Double counts as two under. Take every other hole off. Recover. Reset. And come back ready for Eagle on the next one. Anybody can do well half the time. Just make sure it's the even half today.

Track your net score on the even numbered holes only. 1st & 2nd place low net.
