Hey Putzi!

Yeah you. Da one with the flatstick in your hand - You gonna use that or I gotta do it for ya?

It's been said that half of golf is fun and the other half is putting. Well, today's game is putting. The fewer the better.

It doesn't matter what you hit 'em with - it's where you hit 'em from that counts. If any part of the ball touches any part of the green - it is on the green. And any ball struck on the green is a putt.

Keep track of them all. Nonchalant putts count the same as chalan't ones.

One winner from Handicap Index below 15; one above.
