Please Note Tees Played - if not the Blues

Tax Saturday

Take an Extra Deduction. In honor of this weekend's tax filing deadline, we're going to give everyone an itemized deduction on the scorecard. In IRS terms:

Line 1. Add drives plus irons, chips and putts - this is your Total Score.

Line 2. Combine your Handicap Index with the slope on the tees you played from to calculate your Actual Handicap.

Line 3. Deduct your Actual Handicap from Your Total Score to get Net Score.

Line 4. Itemized Deduction of your highest gross score on any hole

Line 5. Subtract your Itemized Deduction from your Net Score

In English - deduct any one hole (gross) from your net score for the round.

If you're in the best 1% - You're the Winner.
